EDUCATION

B.Tech in Computer Science Engineering Babu Banarasi Das University

08/2023 - Present

CGPA- 8.2

Specialised

- Cloud Computing
- Machine Learning

SKILLS

Python

Java

Javascript

Node.js

React

MongoDB

Git

C

Postman

Typescript

Firebase

PERSONAL PROJECTS

Real-Time chat app (09/2025 - 12/2025)

- Tech:** React, Express, Node.js, MongoDB, TypeScript, Firebase, Cloudinary
- Implemented user authentication and authorization using JWT and secure password hashing
- Developed online/offline user status, typing indicator, and message timestamp features
- Stored chat messages in Firebase for low-latency real-time synchronization between users and

Project-Management system- (YojnaFlow) (12/2025 - 02/2026)

- Tech:** MERN Stack, Redux Toolkit, Socket.io, JWT
- Implemented Kanban board with drag-and-drop task movement across To-Do, In-Progress, and Completed stages
- Developed a shared whiteboard enabling multiple users to draw and collaborate simultaneously in real time with chat bot
- Designed role-based authentication and authorization for admins and team members

CERTIFICATES

Data Analytics (08/2025 - 08/2025)

Gained practical experience in data analysis and forensic technology through Deloitte simulation.

Data Visualizaton (08/2025 - 08/2025)

Gained hands-on experience in data storytelling and business analysis via TATA simulation.

AWS Architecture (09/2025 - 09/2025)

completed AWS Solutions Architecture Job Simulation; designed scalable and reliable cloud hosting architecture.
